CITY OF ROCKWALL

FAÇADE REIMBURSEMENT GRANT APPLICATION

*The success of the **Rockwall Main Street Program** relies heavily on both the public and private sectors support of the program. The overall goal is for all sectors of the community to understand and be philosophically committed to the revitalization process and to commit maximum resources possible to achieve downtown commercial district revitalization.*

Façade Reimbursement Grant Information

The Grant Program is a single payment reimbursement to grant recipients. **Grants are available on a 50/50 matching basis with a cap of \$1,000 per grant. The grant will match dollar for dollar what you spend in improvements to the façade of your building up to \$1,000.** Grant funds may be used for exterior work on storefronts and highly visible side and rear facades located in the Main Street District.

Grants are available throughout the year, on a first come, first serve basis until funds are depleted. Preference will be given to projects with rear facades facing the following thoroughfares: North Fannin Street/East Washington Street and Alamo Street. Considerable work has been completed in these areas exposing rear facing facades that were previously not visible to the public. These projects will further the Downtown Plan and the overall mission to beautify the district. **Grants will not be awarded for work that has already been completed or for work that is covered by insurance.** Submitted projects will be reviewed based on, but not limited by the Secretary of the Interior's *Standards for Rehabilitation* and approved by the Main Street Advisory Board before any eligible work may begin. If awarded a reimbursement grant, any deviation from the approved grant project may result in the total or partial withdrawal of the grant.
