

This budget will raise more revenue from property taxes than last year's budget by an amount of \$1,754,350, which is a 7.12 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$542,986.

	Tax Year 2024 FY2025	Tax Year 2025 FY2026
Council Approved Tax Rate	.247450 / 100 assessed value	.257500 / 100 assessed value
No New Revenue Tax Rate	.247450 / 100 assessed value	.234687 / 100 assessed value
No New Revenue M&O Tax Rate	.152992 / 100 assessed value	.153098 / 100 assessed value
Voter Approval Tax Rate	.265311 / 100 assessed value	.266367 / 100 assessed value
Debt Rate	.085397 / 100 assessed value	.099344 / 100 assessed value

Total City Debt Obligations Secured by a Tax Rate: \$79,695,000

**City of Rockwall**  
*The New Horizon*

August 18, 2025

Mayor Tim McCallum  
Members of the Rockwall City Council  
City of Rockwall, Texas

Mayor McCallum and Councilmembers:

The following pages outline the Proposed Budget for the City of Rockwall for the upcoming fiscal year, October 1, 2025 to September 30, 2026. The budget includes the revenues and expenses the City anticipates over the next year, and has been prepared in conformity with the City Charter requirements and our conservative approach to preparing the annual operating budget.

As always, the City aims to provide exceptional services and the resources and amenities to accommodate the growth of our community, while also maintaining a low tax rate relative to our surrounding communities. City staff has compiled this budget in accordance with fiscally conservative principles, while continuing to try to meet the needs of our growing City.

The local economy has seen positive growth when compared to the prior year and we should end the fiscal year with sales tax up 5.9% which is in line with the FY2025 budget. Construction related revenues rebounded this year with new residential starts increasing from 2024. Also, interest earnings have been much higher than previous years as well.

That said, the City's operating budget was challenging to prepare despite those stronger revenues. It is always difficult to be assured that revenues will grow again after such a good year. Our goal was to continue to provide residents and businesses with outstanding public safety and top-notch parks amenities while focusing on street maintenance needs.

## **Proposed Tax Rate**

This budget proposes a tax rate of 25.75 cents per hundred dollars of assessed value. This is an increase of 1.005 cents from the previous fiscal year. We've been able to lower the tax rate each of the last twelve years but this does not allow us to move ahead with street reconstruction projects and keep salaries for public safety employees at an appropriate level. The following information and detailed pages throughout the budget document will lead to an understanding of the need for the proposed tax rate. Approximately 60% of the tax rate will be dedicated to operations and maintenance in the General Fund, and 40% will be allocated to debt service.

The State Legislature continues to grapple with a desire to lessen the tax burden but at this time the changes have been relatively minor. Efforts during the Special Session are again examining lowering the percentage that property taxes may increase for operations and some proposed bills look at the ability to control spending by only allowing expenditures to grow by a certain state calculated percentage each year. The following terms are used when discussing the property tax rate and associated calculations. The No New Revenue Rate ("NNR") is the rate that keeps tax revenues from existing properties the same as the preceding year. The estimated NNR rate for the upcoming fiscal year is 23.4687 cents per hundred dollars of assessed value. The Voter Approved Tax Rate ("VAR") allows for a tax rate of 26.6367 as the highest rate a council can impose without prior approval by voters. Cities may add any portion of the unused VAR for a fiscal year to the VAR of the following year. This privilege extends for up to three years but is not included in the proposed budget. This is also a feature that the Legislature may remove in the future.

The average taxable value for a single-family homestead is \$472,950 and is reported to us by the Central Appraisal District. This is an increase of 9.79% from the previous year's average of \$430,794. With a property tax rate of 25.75 cents, the city property tax paid on the average single-family home will be \$1,217. This is an increase of \$151 from the previous year's average residential tax bill. Homeowners over the age of 65 enjoy a frozen tax bill. They do not pay any more in property taxes whether the home's value or the tax rate changes.

For perspective, if the City were to elect to apply the unused VAR to this fiscal year it would lead to an additional \$790,548 dollars in revenue but would be \$42 additional dollars on the average tax bill. This additional revenue could be put to good use to increase street maintenance contracts as an example.

## **Projected General Fund Revenues**

General fund revenues for this fiscal year are projected to total \$58,587,000, an increase of 3.9% from the prior budget. The local sales tax rate is 2.00%, the maximum allowed by state law. Of that amount, 1.5% is allocated to the City's general fund and 0.5% to the economic development corporation.

FY2025 has been relatively good year for sales tax growth. We started off with several months of lower sales tax when compared to the prior year but we've seen healthy increases each month since February's report of December sales. We should end the fiscal year up 5.9% assuming a good September. Looking back at sales tax history we have historically seen a 5-year average increase of 7.7%. The budget is prepared with a 6% increase in sales tax revenue. With the opening of HEB this fall and IKEA in the spring we are cautiously optimistic in our projections.

We will have to monitor very closely and may need to adjust if the revenue does not meet projections. In comparing to other cities, we find our per-capita sales tax revenue still well ahead of others similarly situated cities in the Metroplex.

## **Other Revenues**

With the subdivisions approved in the past couple of years on the north side of the City we saw building permits increase over the much lower count last year. The report of permits issued is included in the first Council meeting agenda of each month.

Franchise fees are flat or decreasing generally. Telephone and Cable franchise fees will likely continue to drop each year. Electric and Gas franchise fees are very weather dependent. The garbage franchise fee is 5% of the rates charged to both residential and commercial.

In addition, other revenues supporting the General Fund are generated from sources such as mixed beverage tax, Court fines and fees, the SAFER grant, and fees charged to other governmental entities.

## **Proposed General Fund Expenditures**

The General Fund accounts for any expenditures related to traditional government services, such as Administration, Public Safety, Parks and Recreation, Engineering, and Municipal Court.

Operating expenditures in the general fund total \$54,397,600, a 3.94% increase from the prior year budget. The available ending fund balance for fiscal year 2026 is projected to be \$27,481,903, leaving 188 days or 6.26 months of expenditures in reserve. The City's policy allows for reserves in excess of 3.5 months of recurring expenditures be available for use to fund capital projects, capital equipment, or other one-time purchases. This year's budget reserve is solidly within the City's overall policy. Reserves of this size will allow the City to build capital projects such as a new fire station in the future from reserves rather than paying debt service.

The single largest expense a service organization such as a City has is the compensation of our employees. While the economic conditions that we have experienced seem to finally be stabilizing and that coupled with the potential for lower interest rates in the near future is encouraging to our employees. We know the cost for day to day goods and services has a significant impact on our ability to retain employees. We have employees who drive significant distances and bear the cost of fuel in their daily commutes. We certainly all appreciate that fuel prices are lower than last year. Many of our employees are long-tenured and have marketable knowledge and skills we simply do not want to lose. The Department Directors appreciate the Council's efforts to increase our pay schedules allowing some departments to close long-standing hiring gaps. The Police Department began the fiscal year with 11 openings for Patrol Officers. The significant increase in officer's salaries has led to improved interest in the applicant testing and has ultimately led to now being only 4 officers short. We have seen a few retirements and career changes this year but have been able to respond to these vacancies better than in the past.

The following budget document focuses on employee compensation. Our goal must be to retain our current workforce. The jobs market is improved and the opportunity to find other positions is great.

In preparing the proposed budget, we again surveyed our market cities. After several years of aggressive increases, we had hoped to see a slowing but that is not the case. We all compete against each other for the same group of people interested in government jobs – especially police work. After the raises in officer pay last year we remain very close to our market averages. Fire salaries are below market and the first of a two-year process to bring those salaries closer to market is reflected in the proposed budget.

Police Officers	2.0%	Market adjustment
Police Sergeants	5.0%	Market adjustment
Police Lieutenants	5.0%	Market adjustment
Firefighters	5.0%	Market adjustment
Fire Drivers	5.0%	Market adjustment
Fire Captains	5.0%	Market adjustment
Battalion Chiefs	5.0%	Market adjustment
Non-sworn city employees	2.0%	Market adjustment

These market adjustments are in addition to the city’s merit-based pay system which includes step raises and top-out pay for solid work performance throughout the year.

Personnel Additions:

None – first time since 2008

Increased Expenses:

- Auto and Property insurance premiums are increasing for everyone across Texas and the City is no exception to that unfortunately. The auto coverage for our fleet is increasing 17% over the current year. Property coverage is increasing 20%. The insurance premiums are included in the Finance and Utility Billing operating budgets.
- Employee Health Coverage: We provide medical, dental, and vision coverage for our employees and their families. Each employee pays a share of the premiums and the bulk of the funding comes from transfers from the General Fund and Water/Sewer Fund. We’ve had a very high 12 months of claims including several cancer diagnoses and joint replacements. We purchase stop-loss coverage to limit our claims exposure to the first \$105,000 of claims per claimant. We pay the claims and are then reimbursed by the stop-loss carrier. The transfers from both funds has been increased in the amended as well as proposed budgets as we have exhausted our reserves in the Employee Benefits Fund.
- Major Equipment Purchases:

Throughout the budget document there are amendments to the FY2025 budget in the Vehicles line item. There were vehicle purchases authorized in prior years and finally received at the end

of FY2024. We are experiencing extremely long lead times for safety lighting and equipment installations causing those invoices to be paid in FY2025.

The proposed FY2025 budget includes the purchase of 9 Police vehicles. We've received this year's vehicle purchases but having been waiting months to receive the necessary equipment and get it installed. We use three different shops for this but it is a specialty and every other department has to use these shops as well.

As mentioned previously, City policy provides that reserves in excess of 3.5 months of recurring operating expenditures may be used for capital purchases. The budget as proposed does not include any purchases from reserves.

While the proposed budget accounts for the most-anticipated needs of each department, revenue patterns and expenditures are monitored throughout the budget period to allow for spending adjustments where needed. This will be important as this budget assumes an average growth in sales tax but we know that may not materialize.

### **Volunteer Fire Department**

The residents and business owners of Rockwall have enjoyed a long history of service from the volunteers of the Rockwall Fire Department. The all-volunteer department was formed in 1903 with many of the names we all know from the Rockwall history books proudly serving in the department over the years, many with multiple generations of their families having served.

As the City's population and boundaries grew in the early 2000's, the department began transitioning into a combination of volunteer / paid firefighters, with many of the full-time firefighters coming from the volunteer ranks.

As positions were added in subsequent budgets, and later with the award of two separate SAFER grants that allowed us to hire 24 new firefighters and add ranks to our department structure, we have reached the desired level of personnel on each shift.

Chief Cullins has met with the remaining volunteers, some of whom have served 40+ years with us, about ending their volunteer position. The remaining 6 volunteers will retire from the volunteer service by the end of the calendar year.

### **Water and Sewer Fund**

The City anticipates entering FY2026 with \$9,219,134 in the Water and Wastewater Fund's working capital balance. Revenues are expected to be \$44,000,000 with \$41,923,800 in expected expenses before health insurance transfers.

The Fund's balance allows for 74 days of reserve for operating expenses. This is ahead of the City's policy of 60 days of working capital in reserve. The balance allows funding for maintenance and future projects to ensure that the City's infrastructure continues to support the Water and Wastewater needs of residents.

The most notable Water and Wastewater expense in the proposed budget remain attributable to unfunded federal mandates including various studies which may (will) eventually lead to other

unfunded mandates. In addition, 67% of our water and wastewater expenditures are out of our control because they are determined by NTMWD.

In Water Operations, the EPA had required water systems to inspect water mains and service lines on private property to catalog the presence of lead pipes. The consultant finalized our study and did not find any lead or copper pipes in our city. There were a few galvanized lines which will be replaced. The next phase of the project is a mandatory rotating inspection of daycare and school pipes for lead and copper testing despite it not being found in the original study just in case any fittings were missed. We've completed the repainting of the I-30 water tower and will begin the engineering and logistics work to be able to paint the Springer water tower in FY2027. The cell antenna equipment located on the tower will have to be moved temporarily and it takes time to make those plans.

NTMWD is proposing an increase in treated water due in large part to the increasing cost of chemicals and personnel along with the debt service associated with Bois d' Arc lake and treatment plant. While it is not finalized until the Board meets in September the projected increase is 7.5%.

Sewer Operations includes \$437,600 for continuation of the Capacity Monitoring (CMOM) inspection which is another EPA program and takes a ten-year cycle to complete before it starts over again. The largest portion of the Sewer Operations budget though is attributable to the debt service for the interceptor line that carries wastewater from Rockwall to Mesquite and the operation of the two treatment plants in Rockwall. We will be closing the Squabble Creek plant while keeping Buffalo open a few more years.

### **Recreation Development Fund**

The Recreation Development Fund has revenue from fees from the recreation programs and concession agreements with the marinas, which operate in the takeline. The funds are used to support the creation of new parks and recreation programs and enhancement of parks amenities. The proposed budget includes funds for updating the Harry Myers Sprayground, adding structure to Kidzone, additional amenities at Stone Creek Park, and updating the Fox Chase Playground. Design and environmental studies took longer than anticipated but we are now ready to move ahead with the enlargement of the parking area at the SH66 Boat Ramp. 75% of this project is funded by grant funds from Texas Parks and Wildlife. The contractor will be determined by sealed bid soon and the contract brought to Council for consideration.

### **Future Project Considerations – alternate funding sources**

Boat Dock Repair: Additional information is included in the Harbor debt memo with suggestions to move forward with the repair and construction of a wave attenuator.

Rock Wall: The study and uncovering of the Rock Wall, Arch, and Well will be undertaken methodically with the first goal to not do any harm to them. Staff talked to several university archaeology and geology program chairs along with the Texas Historic Commission without generating much interest. After contacting a local design firm, we did find a geologist and a proposal for the study is being prepared. We will present the proposal to the HOT subcommittee for consideration and recommendation to the Council when its ready.

Ridge Road Median Improvements: We have been awarded a TxDOT grant to do significant updates to most of the medians on Ridge Road north of I-30. The design is being finalized and the City will have a share of the expense of about \$270,000 which we may choose to either use Tree Mitigation funds or General Fund reserves.

Historic Church: An operations budget has been included in the Special Revenue funds tab reflecting tenant lease revenue and facility needs. This is in no way the remodeling effort but rather is items which will protect the building and meet the tenant's needs. The larger project is one we will discuss and develop ideas over the coming year and funding including grant opportunities will be pursued.

1010 Squabble Creek: With the purchase complete staff plans to do minimal maintenance to the property and will work with Council to develop ideas for its use as an event rental property similar to Harry Myers Community Building.

Parking for Myers Park: We will continue to work with surrounding property owners to develop additional parking which is needed both day-to-day and for our large annual events. No firm plans are included in the budget but will be brought back to Council as they develop.

Facilities Planning: With the completion of the Facilities study we are ready to move into the next phase which will require Council discussion of the ability to cash-fund the Fire Station 1 rebuild and then ideas for other facility needs including the discussion of a potential bond election which would be required.

Lofland Park Historic Train playground: We are working with the neighborhood to determine a suitable replacement for this wooden playground and may include the Art Commission to make it a joint effort.

## **Conclusion**

The above sections highlight the major portions of the FY2026 proposed budget. The department directors provided their assistance with the development of this budget and their shared goal of helping our workforce and still present a balanced budget. Their support in the completion of this lengthy project cannot be overstated. The Finance Department staff principally Misty Farris worked many hours to prepare the presentation format of the budget and these efforts must be recognized both in the budget setting process and then throughout the year to assist the departments in their purchasing needs and managing their budgets. City staff and directors look forward to working with the Council in further development, approval, and implementation of this budget.

Respectfully submitted,

Mary Smith

City Manager

City of Rockwall  
*The New Horizon*

**MEMORANDUM**

**TO: Mary Smith, City Manager**

**FROM: Jeffrey Widmer, Director of Building Inspections and Code Enforcement**

**DATE: August 15, 2025**

**SUBJECT: Population Estimates**

COG reported our 1/1/2025 population as 53,390. In keeping with adopted policy, we have calculated the population estimate for 1/1/2026. We averaged 49 single-family permits per month from 10/1/24 – 6/30/25. Typically, we have taken a conservative approach and assumed we will continue to issue the same average number of permits for the remainder of the calendar year. Using this premise, we will estimate year-end to be about 588 single-family homes completed. COG recognizes 2.883 residents per single-family dwelling and an occupancy factor of .945 in the City of Rockwall. COG recognizes 2.014 residents per multi-family unit with an occupancy rate of .934 although we do not have any which will be completed this year.

1/1/25 COG Population Estimate	53,390	
588 X 2.883 X .945 =	1,602	Single family
0 X 2.014 X .934 =	<u>0</u>	Multi-family
1/1/26 Population Estimate	54,992	

**Using this methodology the City 1/1/2026 population may be 54,992**

## MEMORANDUM

---

**TO:** Mayor and Council Members  
**FROM:** Mary Smith, City Manager  
**DATE:** August 15, 2025  
**SUBJECT:** Ad Valorem Taxes

---

The certified assessed value is \$10,830,198,253 and includes senior values of \$1,669,871,938 and new improvements of \$210,868,234. The certified value reflects an increase of 8.01% over the prior year which includes 2.11% from new growth and 5.90% from increased values of existing properties.

A tax rate of 25.75 cents per hundred dollars of assessed value was used to prepare the 2025-26 Proposed Annual Budget. The rate for FY2025 was 24.745 cents.

The City's debt service rate is calculated to be 9.9344 cents and will allow principal and interest payments on existing debt as well as the ability to issue approximately \$22,000,000 of the voter approved 2018 street reconstruction bonds.

The proposed operations rate would be 15.8156 cents for a proposed combined rate of 25.75 cents per hundred dollars of assessed value. A penny on the tax rate generates \$891,563. Our No New Revenue Tax Rate is 23.4687 cents and the Voter Approval Rate is 26.6367 cents. These terms are explained below.

*No New Revenue Rate (formerly known as the Effective Rate)* – is the rate needed to collect the same tax dollars as FY25. The formula then allows for new growth to be taxed without pushing the City over the VAR. We've adopted this rate or less for the last 12 years.

*Voter Approval Rate* – is the rate over which the City would need to hold an election to ratify the tax rate. The legislature allows up to 3.5% increase in revenue for maintenance and operations. Anything over that amount requires an election. This was formerly known as the Rollback Rate.

## **Debt Issuance**

As stated above, the budget anticipates issuance of new General Obligation bonds approved by the voters for street reconstruction. Streets which have been designed and ready for bid include Alta Vista, West, Carriage Trail and Aspen Court as one project. Also ready are Lakedale, South Lakeshore, and Woodpark as another project. North Alamo is ready to go as well. North Lakeshore from SH66 to Masters is under design now but will be ready to go to in the next year.

## **Public Hearings and Rate Adoption**

The Truth in Taxation procedures requires one public hearing if the tax rate increases revenue by an amount over the amount calculated as the No New Revenue rate. If the Council chooses to move forward with the proposed tax rate then we would hold that public hearing on September 2<sup>nd</sup>.

The City Charter requires a public hearing on the proposed budget, which can be conducted at the September 2nd Council meeting and will be advertised as such. Adoption of the tax rate and budget will be included on the September 15th Council agenda.

## MEMORANDUM

---

**TO:** Mayor and Council Members  
**FROM:** Mary Smith, City Manager  
**DATE:** August 7, 2025  
**SUBJECT:** Harbor Debt Analysis

---

The Appraisal District has reported the certified assessed values in the Harbor Tax Increment Financing Zone. Valuations totaled \$266,367,870, resulting in a captured value of \$251,055,420. This is a valuation increase of only 1.5%. Taxes on the captured value are revenues to the Zone. The City has committed 100% of taxes on the captured value to the TIF. City property taxes to the Zone should total \$646,500 but are dependent on the final adopted tax rate.

100% of the City's sales tax generated in the TIF is revenue to the zone. Sales taxes in the TIF are on pace to be up 21.9% as we complete FY2025. Sales taxes projections for fiscal year 2026 will anticipate a 5% increase in revenue over the prior year.

The outstanding debt for the TIF will be paid off in the next few years. With the Harbor District coming up on 20 years old there are maintenance needs which exceed the operations budget and are more appropriately categorized as capital expenditures extending the useful life of amenities and equipment.

Obviously, the storm damage to the boat docks and the very apparent need for an attenuation system is a good example of a repair which exceeds the norm. Staff has been working with the original builder of the docks and has also begun having meetings with other marina builders who have been suggested by our local marina owners.

Another example of deferred maintenance is the waterfall at the end of the large fountain area. It appears to be a continuation of the fountain water into the lake but is actually lake water being circulated with pumps and the treated fountain water is pumped back to the fountain bowl. This feature has not worked in a couple of years and was cut from the operating budget due to its cost.

Other items which come to mind are the need for a shade cover over the concert stage, lighting upgrades in the spray plaza area converting them to LED, and additional parking in an area adjacent to our large parking lot which was just never constructed. The hillside above our large lot is eroding and will need significant work to repair the area.

With these ideas in mind, it is time to consider issuing additional bonds to be paid from the dedicated TIF revenues. It is possible to structure the debt to ease into principal payments as the prior debt is paid off and/or absorb the additional payments with the growth in revenue that we have experienced over the last several years. This is an idea which we can discuss and then decide whether to pursue as we move into the new fiscal year. With just a few estimates in place we are thinking \$5 million dollars at the highest.

**Notes:** INCREASED ENFORCEMENT  
 The Police Department is running increased traffic enforcement as part of a larger push around the state to reduce traffic accidents and injury related to speeding, red-light running, and aggressive driving.  
 The increase in citations adds workloads to the court staff and the prosecutors time is affected.

231 SERVICE MAINTENANCE CONTRACTS	111,093	109,500	109,500	187,050

<b>Notes:</b>	Service maintenance contracts
We are experiencing market increases in virtually every service budgeted in this account. Additionally, all SCBA bottles are required to be hydrostatically tested once every five years, and this is the year that service will need to be performed.	
<p>\$74,500 for First Due Software - Our current records management software (Tyler) will not be compatible with the new incident reporting system being implemented by the US Fire Administration in January 2026. First Due will be compatible and will afford us the opportunity to consolidate multiple software solutions presently used into one package. For example, we will no longer need Active 911, Target Solutions, Tyler Fire Record Management, Mobile Eyes, or Blaze Stack. One-time costs associated with set-up of First Due include one week of in-person training (\$10,000), implementation and configuration (\$6000), and a Tyler connection fee (\$16,000). The remaining \$42,500 of the original cost will be ongoing.</p>

378 FIRE PREVENTION SUPPLIES	21,133	26,500	26,500	30,700

**Notes:** Cost increases/Rental Gear

This request seeks a \$3,750 funding increase to support the rental of NFPA 1851-compliant structural firefighting gear for 10 Citizens Fire Academy (CFA) participants. Renting is a safer, more practical, and cost-effective solution for this short-term program compared to purchasing gear and requires ongoing maintenance, inspection, and replacement every 10 years per NFPA standards.

CFA participants must wear compliant gear for live fire training. Renting ensures gear is professionally maintained, properly cleaned, and up to code. It also solves ongoing issues with sizing, improving both safety and comfort for participants.

**CITY MANAGER'S COMMENTS: Approved**

**Notes:** Increase for Junior Fire Academy

This request is to increase funding by \$700 to support the Junior Fire Academy program expenses. This increase reflects adjustments to supply and activity costs that are essential to maintaining the quality, safety, and educational value of the program. This modest increase will help preserve the program's effectiveness and ensure a safe and enriching experience for all attendees.

<b>Notes:</b>	Increase Consulting Fees
<p>We request \$24,000 to provide cardiac wellness testing to 30 officers. The testing has previously been conducted on some officers which has resulted in several officers discovering major cardiac medical issues. This test would be voluntarily offered to officers who have been unable to test in the past. The SIGMA Wellness program has the ability to enhance the quality of life of officers and increase their awareness of cardiac problems that may have yet to be discovered under normal routine physicals.</p>

315 TRAINING SUPPLIES	79,745	90,000	90,000	115,000

<b>Notes:</b>	<b>Increase Training Supplies</b>
<p>We request an increase of \$25,000 in training supplies. There has been a defined increase in shipping costs and munition costs, which include practice and duty ammunition, less lethal duty and training rounds, along with Simunition rounds used in practical application and active shooter trainings in the past year. Further, the ammunition needs to facilitate the training of new recruits and increased trainings related to deadly force encounters requires additional training rounds.</p>

--------------	-----------	---------	---------	---------

**Notes:** Patrol Vehicles

We request funds for 12 new patrol vehicles. The currently supply chain and service provider workforce challenges have inhibited the department’s ability to receive, build and maintain a reliable fleet. The shortage of vehicles and equipment have caused the available fleet to be utilized around the clock increasing the mileage, wear and tear, maintenance cost and extended down times. In addition, there are currently 8 vehicles that currently have or are about to exceed 100,000 miles and their maintenance costs have become excessive, including one that needs \$17,000 in repairs and has been taken out of service. The new vehicles will help ensure the reliability and functionality of the Patrol Fleet.

This request includes the cost of the vehicles \$728,000 and the equipment and upfitting costs of \$551,500 along with the Buy Board Fee and a 10% potential price increase as allowed by the Buy Board.

**CITY MANAGER'S COMMENTS:** Purchase of 9 vehicles and equipment are Approved

624 POLICE EQUIPMENT	454,962	-	-	-
624 SWAT EQUIPMENT	181	17,500	17,500	22,500

**Notes:** Increase SWAT Budget

We request a \$5000 increase to the SWAT equipment budget. The increase will be utilized to purchase equipment for enhanced breaching methods. The increase in funds will also be utilized to acquire single use specialty impact and gas munitions, training equipment, and operational equipment which have increased in price.

**CITY MANAGER'S COMMENTS:** Approved

256 HEALTH INSPECTION SERVICE	136,735	118,000	118,000	118,000

**Notes:** Fewer Inspections

With legislative changes taking effect September 1 and again on July 1, the Health Inspections permitting will decrease and the number of inspections will decrease.

For example, on July 1 the permitting and inspection of all food trucks will switch from the local entities to a state agency.

We will no longer permit and/or inspect daycares although there is some question about daycares which have swimming pools.

While we work through understanding the changes this line item will be unchanged but we fully expect it to decrease as well.

**Notes:** School Zone Monitoring System

The increase in this budget amount is to purchase new software and the field equipment for our school zone system that currently has 39 flashers. We've changed a large number this year and should have 11 left to change out next year.

We've applied for a COG school zone lighting grant but won't know the results until after the new year begins.

## MEMORANDUM

---

**TO: Mayor and Council Members**

**FROM: Mary Smith, City Manager**

**DATE: August 15, 2025**

**SUBJECT: Water / Wastewater Rates**

---

North Texas Municipal Water District while still finalizing the budget for treated water for 2025 is projecting an increase in the treated water rate by twenty-nine cents (.29) per thousand gallons which would bring the rate to \$4.14 per thousand gallons which is a 7.5% increase. The increases over the last several years have been attributable to the ever-increasing cost for personnel and chemicals as the new lake and treatment plant which came online last year as well as the debt service payments on those.

The charges for Wastewater treatment by the District are increasing from the 2025 budget. Specifically, we are anticipating an 44.1% increase for the regional interceptor line as it has been paralleled due to the capacity needs to facilitate the transfer of wastewater to the treatment plant in Mesquite. The rate for regional sewer treatment is increasing 5.3%. The treatment cost at the Buffalo Creek plant is increasing 7.4% as we continue to see the need for significant maintenance repairs to keep the plant in good working order.

We were pleased to see an updated evaluation performed by the District to determine the feasibility of removing the North treatment plant just off of Lakeshore Drive and Dickson Lane. The plant has been in service since the 1970's. The wastewater treated at this plant will be pushed through an interceptor line to the Buffalo Creek plant. The operating budget includes an amount for the demolition of the plant. The project has not gone out for bids but this is considered a pretty solid estimate of the cost. We've planned to decommission the plant since about 2012 and are relieved the evaluation allows us to move forward with this project. NTMWD operates the plant and will perform the decommissioning.

The City has two primary criteria when setting rates. The City's policy is to maintain a 60-day working capital (reserves) balance. The City's reserves will be closer to 74 days. Historically we have set rates and budgets based on periods of normal weather and consumption, not the extremes that can occur. The weather and consumption patterns have been anything but normal for the past decade and 2025 with heavy rain into early July is no exception. Rockwall's

consumption increased by 2.3% over last year causing us to set a new minimum demand. District volume calculations are being reviewed but generally won't vary from this new minimum.

Overall operations budgets for fiscal year 2025 increased by 6.0% for water and 18.1% for wastewater. While revenues will increase as we continue to grow the number of accounts for both water and sewer we will not be able to absorb these increases on the sewer side of the operations without continuing to increase rates. This will be subject to change based on final budget adoption by the District since their expenses are the largest we have in either the water or the wastewater operations.

We anticipate issuing up to \$8,000,000 in new bonds to continue to move forward with system projects. The additional water tower will be ready for construction soon. When TxDOT or the County undertakes road reconstruction projects the City must relocate any utility lines in the right of way. This is not reimbursed by any entity. The exception being the I-30 project which included federal dollars allowing reimbursement of our cost.

### Wholesale Customers

Our wholesale customer rates are determined in a separate study. These rates are designed to completely cover our cost of providing wholesale water. Blackland and RCH Water Supply Corporations will be subject to a rate increase based on those study findings and most specifically the increased treated water rate from NTMWD. Blackland's work toward being a direct customer of the NTMWD is not progressing as quickly as they projected and will cause them to likely remain as our customer into 2028.

RCH is closer to becoming a direct customer with the construction of the pump station and ground storage at their new delivery point progressing with an estimated switchover by summer 2026.

At the time each makes connection, we will transfer the maximum gallons they have purchased historically from our minimum demand to their new minimum demand with the District.

The City of Heath's MOU with Rockwall was approved earlier this summer. With their intention to continue as a wholesale customer their rates are set as the NTMWD adjusts the District's rate to member cities and includes a minimum take or pay provision, which was implemented in FY2017. They have been charged ten cents (.10) more than the member city rate which will increase to fifteen cents (.15) under the new terms. Heath exceeded their minimum demand level this year so the increase will be in both the rate and gallons.

### Rate Studies

We are finishing rate studies with an outside consultant now and will have the rate recommendation to the Council in mid-fall for a January 1 implementation.

## SUMMARY OF OPERATIONS

284 SEWER LINE REPAIR & RPCMT	324,856	417,500	417,500	437,600

<b>Notes:</b>	<b>CMOM REQUIREMENTS</b>
<p>\$437,600 The strategic plan associated with the City’s CMOM plan presented to the EPA requires that the City must complete a condition assessment of the sewer system within ten years. To develop this strategic initiative, staff and the firm that worked on the CMOM took the information provided through the flow monitoring study conducted in the spring of 2015. This study divided the wastewater systems into 37 basins. The basins were ranked dependent on the amount of inflow and infiltration in rain events. The strategic initiative consists of a condition assessment of evaluating the basins that scored the lowest score in the study first. In 2025/2026, the wastewater division proposes to complete condition assessment of the four basins that have a total of 126,164 feet of pipe with 480 manholes.</p> <p>Assessments of these basins will include:</p> <ul style="list-style-type: none"> <li>• Manhole inspections</li> <li>• Smoke testing</li> <li>• Dye flooding</li> <li>• Cleaning</li> <li>• CCTV</li> <li>• Analysis of any defects</li> <li>• Mapping</li> <li>• Cost estimates for repair or rehab</li> <li>• Data collecting</li> <li>• Final report</li> </ul> <p>The City does not have the equipment or the personnel to complete the entire list of tasks and does not believe it is cost effective to hire additional personnel and purchase the equipment needed. The wastewater division is proposing to contract out everything except for the pipe cleaning and CCTV work at the cost of \$197,700. ( Increase of \$20,700 due to larger basins).</p> <p><b>*CITY MANAGER'S COMMENTS: Approved</b></p>

<b>Notes:</b>	<b>Registration Fees</b>
<p>The County assesses a \$1.50 fee on each vehicle registration which is distributed on a pro-rata basis to each city. The state law under which it was created specifically says that it is for school crossing guards or other child safety efforts.</p> <p>RISD pays the crossing guards not the cities. In talking with the City Attorney we've been holding the funds awaiting a plan to be developed with RISD. After discussions, we will distribute the money to RISD to be used for school safety personnel other than the SRO's.</p> <p><b>CITY MANAGER'S COMMENTS: Approved</b></p>

<b>Notes:</b>	Benchmark Analytics
Renew the Benchmark Analytics contract. Benchmark Analytics is utilized to document, track, and review police-related incidents such as pursuits, use of force, and damaged property. The software has been in use for 3 years and was originally purchased on a three-year contract.	
<b>CITY MANAGER'S COMMENTS: Approved</b>	

<b>Notes:</b>	Lexipol Software
We request \$28,895.20 in recurring expense and \$32,162.25 in "one time" implementation fees for the purchase of Lexipol: Annual Law Enforcement Policy, Training, General Orders/Procedures Review, and Best Practices Accreditation Management Software. Keeping up with ever changing statutes, case law, best practices, policy review and employee management has become time and labor intensive. This Lexipol Product mitigates liability by providing an on-going real-time review of law and policy pertaining to changes in public sector matters, while managing all aspects of best practices efforts including: General Orders and SOP's, Training, Regulatory requirements, Employee Wellness and other items. This resource will distribute, catalogue, manage and review all aspects of laws, rules and best practices that guide the police department, it's personnel and management in compliance, proper procedure and action.

City of Rockwall  
*The New Horizon*

**CITY OF ROCKWALL  
MEMORANDUM**

**TO: Mary Smith, City Manager  
Joey Boyd, Asst. City Manager**

**FROM: Shawn Yerks, Director of Human Resources**

**CC: Honorable Mayor and City Council**

**DATE: 8/13/2025**

**SUBJECT: City’s Health & Welfare Programs**

**General Overview**

The City of Rockwall has partnered with **Holmes Murphy** since January 2012 for broker and consultant services to ensure the City stays informed on local healthcare trends, vendor alternatives, expected cost projections, Healthcare Reform and other legal and legislative topics that impact the City’s health plan. In January of 2017, the City changed third-party administrators for administration of the health plan from Group & Pension Administrators, Inc. (GPA) to **Cigna**. The results show this was a prudent decision due to improved network access, provider discounts, medical management, improved Pharmacy contract, and lower overall administrative fees. However, due to provider consolidation, private equity influence in local healthcare, and increased labor costs, Healthcare costs are currently outpacing general inflation locally for all employers in North Texas.

**Health Care Cost Summary**

As the table below indicates, like other Employers the City has experienced a continued rise in healthcare claims and costs recently, but overall claims costs have decreased since the move to Cigna due to improved network access and discounts. Based on paid claims through June 2025, it is projected that the Fiscal Year 2025/26 claim expense will be higher than the 2024/25 expenses indicated below, due primarily to higher than usual large claims, trend, and costly specialty prescriptions. For the Plan Year 2024 there were five (5) claims that were paid in excess of the \$105,000 Individual Stop Loss limit, or approximately \$909K that was reimbursed to the City. For the first 6 months of the 2025, there have been 4 claims which have exceeded the \$105,000 Individual Stop Loss limit that has reimbursed the City \$268k so far through July 2025. The City purchases Stop Loss insurance from Cigna annually that reimburses the City for any individual claim that exceeds \$105,000 in any plan year. This insurance helps to manage volatility from the large claims which are cyclical each year.

**History of Claims Cost:**

<b>Cal. Year</b>	<b>Claims Cost</b>	<b>Annual Cost PEPY</b>	<b>% Increase/Decrease</b>	<b># of EEs @ YR End</b>
2015	\$2,914,258	\$12,143	N/A	240
2016	\$2,889,527	\$12,040	-.84%	240
2017	\$2,143,055	\$8,607	-25.8%	249
2018	\$2,000,568	\$8,099	-7.1%	247
2019	\$1,793,897	\$6,795	-11.5%	269
2020	\$1,632,063	\$6,000	-9.9%	274
2021	\$1,933,245	\$6,783	+15.6%	288
2022	\$2,177,851	\$7,484	+11.2%	299
2023	\$2,438,265	\$7,869	+10.7%	310
2024	\$3,697,372	\$11,889	+34.1%	311

## Prescription Benefits Plan

The table below shows that the City of Rockwall's prescription claims increased significantly in 2024 due to our covered members requesting high-cost specialty medications, especially for weight loss. For the 2024 Plan year, Prescription costs increased by +25% when compared to 2023 Plan Year costs. Overall, Pharmacy costs have outpaced other medical related expenses due to these costly drugs for all employers. The normative benchmark for Pharmacy trend for 2023-24 is currently between +12% to 20% for the next plan year, driven primarily from new expensive Specialty Drugs that members request due to advertising on TV. Cigna is working to lower this trend through its Prescription Drug Formulary which incentivizes members to try alternate lower costs drugs first, prior to selecting the costly prescription alternative. However, many of these specialty medications come with a high rebate (credit) for these drugs. The City, with Holmes Murphy, was able to negotiate an approximately **\$460k annual credit** for this that will come back to the plan to offset these expenses in Plan Year 2025.

Plan Year	RX Expense Paid	% Increase/Decrease
2015	\$594,363	-5.0%
2016	\$741,688	+24.8%
2017	\$662,776	-10.6%
2018	\$662,906	0.0%
2019	\$698,900	+5.0%
2020	\$787,121	+12.6%
2021	\$894,567	+12.2%
2022	\$790,052	-11.7%
2023	\$1,212,444	+53%
2024	\$1,515,396	+25%

Note: Claims cost does not include Admin Fees.

## Administrative Fees

The City also pays administrative fees to Cigna to administer the Medical, Pharmacy, Dental and Vision benefits. As mentioned before, the City purchases Stop Loss Insurance to protect it against large claims, which are included in the below administrative fees.

For 2026, the estimated fees to be paid annually to Cigna for these services based on current covered employees are:

- *Cigna Administrative fees:* \$1,155,000 (the Based Administrative fees are fixed, but the Stop Loss fees are projected at a +15% increase since that renewal is not normally finalized until early September each year.)

## Stop Loss Insurance

Stop Loss insurance premiums for large individual claims continues to be one of the biggest challenges that all employers face due to the inherent uncertainty of these claims, the fact that employers now have unlimited Lifetime Maximums, and that few carriers are in the market to insure these claims. Municipal employers have additional challenges due to the presence of certain high-risk employee groups and potential retirees.

## Healthcare Reform

The City also pays fees related to the *Affordable Care Act (Healthcare Reform)*, which is required for all employers, public and private.

For 2025, the estimated fees to be paid, based on 2024/25 enrollment:

- *Patient Centered Outcomes Research Institute (PCORI) Fee* - \$2,646 annually.

These fees were budgeted in the 2025 funding rates but are paid in July of 2025.

## Pre-65 Retiree Insurance

Texas Municipal Employers are required to offer coverage to their Pre-65 retirees in accordance with Local Government Code 175. Employers can require retirees to pay for this coverage, and/or provide some subsidy to pay for coverage. The City is funding this coverage through the self-funded medical plan as other options are very limited.

Due to risk of these Retirees (higher claims costs) there are very limited options available to employers for this group. Because of this, most Texas Municipal employers are focusing on improving engagement of this group of former employees, which includes making them aware of external marketplace alternatives which could save them money.

**CITY OF ROCKWALL  
MEMORANDUM**

**TO:** Mary Smith, City Manager  
Joey Boyd, Asst. City Manager

**FROM:** Shawn Yerks, Director of Human Resources

**CC:** Honorable Mayor and City Council

**DATE:** August 12, 2025

**SUBJECT:** Employee Safety Program

The City has been self-insured for workers' compensation expense since 1990. Claims processing is managed by the Texas Municipal League with the City paying deductible expenses up to \$100,000 per occurrence, with an aggregate exposure of \$300,000.

The City's self-funded Risk Management Program includes many components that have worked well together over the past several years to ensure and promote a safe work environment for all our employees. These include: *job placement assessments, drug/alcohol testing, job evaluation & site assessments, job specific safety training, incident investigation and reporting, workplace inspections, risk assessments and analysis* conducted by TMLIRP.

The HR staff reviews the claims data to identify potential trends in the following areas: *types of injuries, injuries occurring within certain job classifications, injuries resulting from types of equipment or specific job tasks, severity of claims, number of "days lost", and costs.* In addition, employees are encouraged to report *incidents without injuries* to assist in tracking and identifying potential safety hazards that can be corrected pro-actively.

The *reportable incidents* have increased from 27 to 30, the *number of days away from work* increased from 131 to 217 and the *days on restricted or light duty* have decreased from 318 to 261. Most of the total days for *restricted or light duty* are due to cases in the Police department. Please be advised that the numbers for FY24/25 will change due to not having the full FY25 data. This data was current as of July 24, 2025.

Fiscal Year	Total # of EE Receiving A Pay Check	Reportable Incidents	Non-Reportable Incidents	Total Days Away From Work	Indemnity Incurred	Total Days Restricted Duty (Light Duty)	Medical Costs Incurred	Case Mgmt.	Total Loss for Rockwall
19/20	345	52	32	50	\$ 43,570	218	\$ 44,617	\$ 2,941	\$ 91,128
20/21	334	59	27	75	\$ 89,494	55	\$ 94,666	\$ 26,729	\$ 210,889
21/22	371	87	46	240	\$ 121,397	139	\$ 155,937	\$ 10,563	\$ 287,897
22/23	386	35	34	362	\$ 30,836	297	\$ 83,089	\$ 4,400	\$ 118,325
23/24	402	27	17	131	\$ 93,747	318	\$ 126,814	\$ 2,610	\$ 223,171
24/25	418	30	13	217	\$ 25,203	261	\$ 132,099	\$ 2,330	\$ 159,632

The City has achieved great results over the majority of the past 25 years in managing claim costs. But rising medical costs are affecting our reserves to the point that we must increase funding.

Phone (area code and number)

385 South Goliad St Rockwall TX 75087

www.rockwall.com

Taxing Unit's Address, City, State, ZIP Code

Taxing Unit's Website Address

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	<b>Prior year total taxable value.</b> Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). <sup>1</sup>	§ 10,048,782,430.00
2.	<b>Prior year tax ceilings.</b> Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. <sup>2</sup>	§ 1,469,354,749
3.	<b>Preliminary prior year adjusted taxable value.</b> Subtract Line 2 from Line 1.	§ 8,579,427,681
4.	<b>Prior year total adopted tax rate.</b>	§ 0.247450 /\$100
5.	<b>Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value.</b>	
	<b>A. Original prior year ARB values:</b> ..... § 273,947,089	
	<b>B. Prior year values resulting from final court decisions:</b> ..... - § 256,006,377	
	<b>C. Prior year value loss.</b> Subtract B from A. <sup>3</sup>	§ 17,940,712
6.	<b>Prior year taxable value subject to an appeal under Chapter 42, as of July 25.</b>	
	<b>A. Prior year ARB certified value:</b> ..... § 0	
	<b>B. Prior year disputed value:</b> ..... - § 0	
	<b>C. Prior year undisputed value.</b> Subtract B from A. <sup>4</sup>	§ 0

19.	<b>Total value of properties under protest or not included on certified appraisal roll.</b> <sup>13</sup> <b>A. Current year taxable value of properties under protest.</b> The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. <sup>14</sup> ..... \$ 68,642,494  <b>B. Current year value of properties not under protest or included on certified appraisal roll.</b> The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. <sup>15</sup> ..... + \$ 0  <b>C. Total value under protest or not certified.</b> Add A and B.	\$ 68,642,494
20.	<b>Current year tax ceilings.</b> Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. <sup>16</sup>	\$ 1,669,871,938
21.	<b>Current year total taxable value.</b> Add Lines 18E and 19C. Subtract Line 20. <sup>17</sup>	\$ 8,915,628,739
22.	<b>Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year.</b> Include both real and personal property. Enter the current year value of property in territory annexed. <sup>18</sup>	\$ 0
23.	<b>Total current year taxable value of new improvements and new personal property located in new improvements.</b> New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements <b>do</b> include property on which a tax abatement agreement has expired for the current year. <sup>19</sup>	\$ 210,868,234
24.	<b>Total adjustments to the current year taxable value.</b> Add Lines 22 and 23.	\$ 210,868,234
25.	<b>Adjusted current year taxable value.</b> Subtract Line 24 from Line 21.	\$ 8,704,760,505
26.	<b>Current year NNR tax rate.</b> Divide Line 17 by Line 25 and multiply by \$100. <sup>20</sup>	\$ 0.234687 /\$100
27.	<b>COUNTIES ONLY.</b> Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. <sup>21</sup>	\$ 0 /\$100

**SECTION 2: Voter Approval Tax Rate**

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Line	Voter-Approval Tax Rate Worksheet	Amount/Rate

**SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes**

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
51.	<b>Taxable Sales.</b> For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller’s estimate of taxable sales for the previous four quarters. <sup>32</sup> Estimates of taxable sales may be obtained through the Comptroller’s Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ 0

**SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control**

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit’s expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

**SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate**

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.<sup>39</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.<sup>40</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;<sup>41</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);<sup>42</sup> or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.<sup>43</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.<sup>44</sup>

73.	<b>De minimis rate.</b> Add Lines 69, 71 and 72.	\$ 0 _____ /\$100

**SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate**

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>47</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.<sup>48</sup>

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
